In this case the INGO cannot cancel or change the contents of the Letter of Agreement without consent from the Ministry of National Planning and Development.

**Necessary Cooperation**
International NGOs are required to align their work with the national development plan. The Ministry of National Planning and Development will give instructions to INGOs as to how they could align their activities with the National development plan. The INGOs are also expected not to compete with the LNGOs by implementing projects for other INGOs and UN organisations in the country.

**Accounting and Reporting Requirements**
At the beginning of any project, the INGOs are expected to submit an annual work plan with its proposed budget to the Ministry of National Planning and Development. INGOs must keep accounting books which meet international standards and which show the organisation’s assets, debts, income and expenditure.

During the project the INGOs must submit a periodic report- once every six months and annual-to the Consultative Council of the Ministry of National Planning and Development. The report should cover:

In case the INGO wants to use the equipment on similar project, it can do so, but with the consent of all parties. The INGO will hand over to the MNP&D all the assets including office equipment it had, when either the partner or the NGO decides to terminate the contract.

Taxation and Tax Exemption

The INGOs must deduct taxes from local staff and pass it to the Ministry of Finance. INGOs will pay no tax on imported equipment, machinery and other stuff that will be used exclusively for carrying out their project activities. This is not automatic, the INGO is required to apply tax exemption on imported objects by completing a Tax Exemption Declaration form (B-3) with full details of types of imported goods, their relevance to the work of the organization and/or their specific projects and their purchase orders. This Tax Exemption Declaration form should be submitted to Ministry of National Planning & Development with a written request addressed to MNPD while giving CC to the Ministry of Finance.

Legal Personality, Responsibility and Diplomatic Immunity

INGOs have legal personality; they can sue and can be sued. This law does not give diplomatic immunity to INGOs. If an international staff member owes money and fails to pay, the INGO he/she is working for will be liable for the debts.

The Somaliland Labour Law does not allow hiring a foreigner without the approval of the Civil Service Commission. If it is a professional employment, a written request explaining the specific profession of the employee required should sent to the Civil Service Commission for approval.
International aid agencies shall submit the Curriculum Vitae of foreign employees they require to the Ministry of National Planning and Development three months before they bring in the person, in order for the Ministry to approve.
